CG Docket 06-181

**PETITION FOR EXEMPTION OF THE CLOSED CAPTIONING
REQUIREMENTS UNDER THE "ECONOMICALLY BURDENSOME"
STANDARDS**

Personally appeared before the undersigned officer, duly authorized to administer oaths in the State of Georgia, ADRIENNE D. PRICE, after having been duly sworn, deposes and makes this her statement and General Affidavit upon oath, affirmation of belief and personal knowledge that the following matters, facts and things set forth are true and correct to the best of her knowledge:

1.

I, ADRIENNE D. PRICE, am the Office Administrator of Unionville Missionary Baptist Church located at 3837 Houston Avenue, Macon, Georgia 31008 in Bibb County and have served in that capacity since 2004. I am over twenty-one (21) years of age and am competent to testify as to the matters set forth herein.

2.

I understand that this Affidavit is being submitted in response to the notification that the Federal Communications Commission Consumer & Governmental Affairs Bureau ("Bureau") requires additional and updated information in order to determine whether our programming should be exempted from the FCC's closed captioning requirements due to captioning being economically burdensome to our church.

3.

I affirm that the petition and supplemental documentation which was placed on public notice for comment on February 10, 2012 was in response to being notified of the reversal of the exemption granted to Unionville Missionary Baptist Church based on the premise that the exemption status relied on the Anglers Order's. Accordingly, I authorize the use of this Affidavit for all purposes allowable under the law in response to the Bureaus request for additional and updated information and it is to serve as a new petition for exemption from the closed captioning requirements for our television broadcast.

4.

The Organization: Unionville Missionary Baptist Church, founded in 1865, is a non-profit, religious organization made up of a group of baptized believers banded together for the purpose of worshipping, witnessing and working for God. It is our mission to lead the lost, stir the Saints and heal the hurt of others by professing Christ, promoting the church and praying for the community. Our church is anchored in Christ and it's members strive to develop spiritual leadership, encourage and enhance discipleship and provide a place of fellowship for those who have dedicated and/or wish to dedicate their lives to Christ. The church does this through preaching and teaching from the Books of the Holy Bible as well as through community outreach. Community outreach is accomplished through the work and development of our ministries (clothing, youth advisory, evangelism, nursing), church programs (Vacation Bible School, Black History Productions), community outreach projects (Middle GA Faith Community Katrina Relief, Unity Churches Initiative, D.A.R.E. Summer Camp, Prodigal Friendship Ministry, R.J. Fambro Scholarship, etc.), the church website and television broadcasts.

5.

The Programming: In order to effectively fulfill our mission, we must be capable of spreading the word of God to the masses. The most proficient method of doing so is through television broadcasting. Our church services are transmitted to those who are not physically able to attend worship services and church functions through video programming. As a result, individuals who are homebound are able to receive the word of God in the comfort of their own homes and actively engage in the worship experience as though they were in the midst of those in attendance in the sanctuary. Our church

service is broadcast seven times over five different channels (Exhibit 1). Program distribution over these channels is handled through 41 NBC – WMGT and has the potential of reaching 250,000 households in Middle Georgia with Cox Communications. It is also broadcast four times on two additional channels which are not indicated on the exhibit as they serve Forsyth, Georgia (Channel 25) and Covington, Georgia (Channel 17), both of which are outside of the county (Bibb) where most of our parishioners reside. The program is not distributed nationally and the church does not profit financially from the distribution of the program.

6.

Expense of Closed Captioning Service Information: According to account representative Serena Carr, of 41 NBC-WMGT, after the church provides the recording on DVD, the cost for roll-up captions which would include transcription services, captioning, DVD authoring and disc stock would be \$ 10.00 per minute for each 30 minute broadcast (\$300 per broadcast). As a result, the cost to continue to broadcast our services twice over five different channels would be \$ 3,000.00 per week and roughly \$ 156,000.00 annually. In conversation with the station, this information is still relevant and the station is still unable to provide any assistance to alleviate the cost (Exhibit 2). Video Caption Corporation considered our non-profit status and provided a quote of \$175.00 per broadcast which amounts to \$ 1,575 per week and roughly \$ 81,900.00 annually. The average turnaround to receive the caption data file is 3 business days; however, we often require a 2-day turnaround which would carry an additional fee, the amount of which was not provided in the quote that was received. According to Rita Carswell, Customer Service and Sales for Video Caption Corporation, discounts will only be provided once we have been established as a regular client (Exhibit 3A). Vanan Captioning Service indicated that the cost of their captioning services will be \$243.60 per broadcast, amounting to \$2,192.40 per week and roughly \$ 114,004.80. No special allowances were made for our non-profit status by this company (Exhibit 3B). According to Anne Schulman, Caption Associates, LLC, the cost would be \$232.00 per broadcast (\$ 2,088.00/wk; \$ 108,576/yr). The company did not provide for any rate reductions based on our non-profit status (Exhibit 3C)

The church could opt to purchase equipment to provide closed captioning services during recording; however, a complete captioning system for our current operation would

cost at a minimum \$ 8,000.00 as the cost of equipment and supplies is variable. We are in need of a closed caption encoder (ranging from \$ 2, 924.95 to \$ 10,806.50), transcription equipment (ranging from \$ 150.00 to \$775.00), Betacam or DigiBeta Tape (ranging from \$9.50 to \$200.00), adapter cords, software etc. Although these would not be recurring expenses, the cost of maintaining such equipment would be (Exhibit 4A, 4B, 4C). In addition, the church may be required to hire two (2) full time staff members at an average pay of \$8.00 to \$10 an hour for six (6) to eight (8) hours and train them to review the recording and produce a program transcript, segment the transcript into individual captions, with correct timing and positioning, review the end result for quality and accuracy as well as encode the result into the final media. Without proper training, there is always the possibility of experiencing a loss in quality which would not serve the masses well.

The church has considered broadcasting the same sermon on each station which would reduce cost associated with closed captioning services; however, those who have access and are able to view the broadcast on each station, often watch more than once per week at the various times. To broadcast the same sermon each time would be redundant and may diminish the public interest in the teachings thus reducing the church's capacity to lead others to Christ.

7.

Financial Burden Closed Captioning will have on the Church: The economic impact of providing closed captioning services would be colossal and economically burdensome to the overall mission of the church. As previously stated, Unionville Missionary Baptist Church is a non-profit organization. The work of the church is financed through charitable contributions that are received in large part from our parishioners. Charitable contributions were variable and in the year 2013, contributions decreased due to the economic hardships experienced by our parishioners. As of January November 2013 the Bibb County unemployment rate was 8.1% and 7.6% for the city of Macon, Georgia and the Middle Georgia Region (Exhibit 5A, 5B). The average national unemployment rate as of November 2013 was 7.0% (Exhibit 5C). The inflation in the price of groceries, gas, healthcare insurances costs, etc. as a result of a poor economy, natural disasters effecting the crops and unemployment rate and the increase in the cost of products in response to demands have all contributed to an increase in the cost of living

for everyone; however, many parishioners have not had a cost of living or performance increase in their rate of pay for over 4 + years. In 2013, it cost the church \$ 102,635.56 to produce and distribute church media (Exhibit 6). Adding closed captioning would almost triple the cost to distribute the same media.

8.

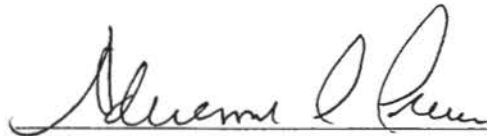

Financial Report: Due to our present financial obligations, Unionville Missionary Baptist Church is not in a financial position to provide closed captioning in-house or via our local station and continue to provide our church programming to the masses. As is evidenced by the attached Summary of Income and Expenditures for the year 2013, the church experienced an income of \$ 101,952.30 (Exhibit 6) due to the liquidation of the church mortgage and the Willing Worker's Pledge (congregates pledge to give an additional offering in order for the church to have funds available to apply toward some much needed repairs, i.e., leaking roof, faulty toilets, plumbing repairs to prevent flooding in the sanctuary, etc.). It is the first time in many years that the church has not experienced a budget shortfall and can now work to prevent further dilapidation of our facilities. As a result, the church is not able to absorb the burden of offering closed captioning for our broadcast. At present, the church is attempting to reduce expenses and generate a budget which will ensure that the church will remain financially secure by not being forced to seek an additional loan to repair our facilities which represent roughly 55,019 square feet. On average, the cost of closed-captioning services would far exceed the income of the church.

9.

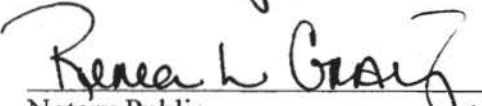

On behalf of Unionville Missionary Baptist Church, I am petitioning for exemption from the closed captioning rules based the information provided herein as compliance with the rules would be economically burdensome and further contribute to the insolvency of the program and ultimately the church.

FURTHER AFFIANT SAYETH NOT.

This 27th day of January, 2014.

Subject: RE: Closed Captioning Services

Importance: High

Dear Mr. Fussell:

I am Adrienne "Stacy" Price, the Office Administrator of Unionville Missionary Baptist Church where Dr. I. Edwin Mack serves as our Pastor. We currently broadcast our church services for a thirty minute spot on 41 NBC twice a week. Our current account representative is Serena Carr. I was unable to reach Ms. Carr on Friday, January 13, 2012 and did not have her direct email; therefore, I apologize in advance for not emailing her directly.

I am interested in receiving a quote relative to adding closed captioning services to our programming. Please provide information relevant to the type of captioning services you provide, whether it be pop-on or roll-up captions, and the cost for doing so to include transcription, captioning, DVD authoring and disc stock. We will supply the recording to you on DVD. It would also be helpful to include the turnaround time for the service so that we may have a better understanding of how quickly we must provide the DVD to your company.

In addition, I would like to know if your station has a program that offers any financial assistance for closed captioning services to non-profit organizations such as our church.

This is an effort to comply with the closed captioning requirements mandated by the Federal Communications Commission. Any information that you may provide will be most helpful. I request that the the quote be submitted to me via email at priceadd@gmail.com and copied to the church email at unionvl@bellsouth.net.

If you have any additional questions, I may be reached immediately on my cell at (478) 501-0196. You may also leave word with Michelle Davis, the Church Secretary, at (478) 785-0607.

Thank you in advance to your prompt response to this inquiry.

Sincerely,

Adrienne "Stacy" Price

Ms. Carr,

I thank you very much for your prompt response to my inquiry. In addition to the information requested below, is it possible that you could confirm for me our distribution area? According to the 41 WMGT website, we have the potential to reach 250,000 households in Middle Georgia. I am interested to know an estimate of how many households our church program may be reaching when it airs with your station.

I understand that I am requesting this information with short notice; however, I have been requested to respond to submit a response to the FCC regarding our programming and am I need of that information.

If it is any way possible that you may receive this information and the quote information via email today, it would be most helpful.

Thank you again for your assistance. If you have any further questions of me, please contact me more directly at (478) 501-0196 as I am not working out of the church office today.

Sincerely,
Adrienne

Hi Robert,

It was a pleasure speaking with you today! Video Caption Corporation would be delighted to assist you with the Closed Captioning of Unionville Missionary Church's weekly English language programs. As I understand it, you would provide your 30-minute program to us as a digital file. Our deliverable to you would be a caption data file (Basic Roll-up Style Captions) .SCC for Adobe Premiere.

Pricing: \$175 Per Show (Discounted)

Price includes transcription, captioning (Basic Roll-up Style Captions), caption file prep, and output. Our standard turnaround for your project is 3 business days. Faster turnarounds are available for additional charge. As a regular client of ours, we will waive rush fees on your occasional need for 2-day turnarounds and significantly discount our pricing on faster turnarounds and other services!

I'll follow up with you later today to discuss our quote and answer any questions you may have!

Best Regards,

Rita Caswell

Cost Proposal for Unionville Missionary Baptist Church Offline Captioning Services

Offline captioning - \$8 per program minute, with a 20 minute minimum. For a 28:30 broadcast, the charge would be \$232.00 per program.

- ❖ Off-line captioning file delivery requirements: Client provides a Low Resolution video file uploaded to an FTP site. As long as it will play in Quicktime or Window Media Player, it can be used. Frames per second need to match the broadcast time. Most used is 29.97 FPS. Should have embedded time code that is visible to captioner or we need to know start time, most widely used is 01:00:00:00.
- ❖ Client sends the video file through via FTP.
- ❖ Client provides a transcript if available. Transcript, if not verbatim, is helpful to use for reference purposes.
- ❖ Available Caption formats: Pop-on or Roll-up.
 - ❖ A few of the more popular file-based caption files we can create are as follows:
 - .scc
 - .smi
 - .srt
 - .tds
 - .cap
 - .xml
 - NLE files
- ❖ Offline captioning files will be delivered within 48 hours.

Billing would be done weekly, with payment made by credit card. Payment by check is also accepted.
